COURSE

I studied Technical Architecture and Materials Engineering in the Politechnical University of Valencia. I started these studies in 1999 and finished it in 2005.

In 2006 I got a grant in the UPV so, actually I'm working with aluminium plates and aluminium composites manufactured by PM.

SEMINARS & CONGRESS

I've participated in some seminars and congress, among them I've attended:

- "First KMM-NoE Industrial Workshop". ITC, Castellón, 23-24 Ene, 2006.
- Advanced Polimeric Materials. Agencia Española de Cooperación Internacional, DIMM, UPV. 2005.
- Advanced Ferrous Materials, Agencia Española de Cooperación Internacional, DIMM, UPV. 2005.
- Composite Materials Based on Pórtland Cement, Agencia Española de Cooperación Internacional, DIMM, UPV. 2005.
- VI Nacional Congress of Composite Materials. UPV, Valencia, 27 - 29 de June 2005.
- Recover and conservation of the builded inheritance. II Internacional Summer University, CFP, UPV. 2002.
- Value of landed property. Sociedad Española de Valoradores. 2002.
- Control of edification costs, CFP, UPV. 2001.
- Drawing with computer with Autocad. CFP, UPV. 2001.

OTHER INTERESANT THINGS

- I worked as a student in TAULELL S.A. (tile factory) for 960 h; since 7/10/2003 to 31/7/2004.
 - Last year I made a study about Ti PM, the equipment necessary to manufacture Ti PM components and manufacturers of this machinery.
-
