Fixing Device

Company: MimEcrisa

Sector: Textile

Material: Fe8Ni , density > 7.60 g/cc

Heat Treatment: Case Hardening

Weight: 16 grms

Main saving: machining operation

Main difficulty: Sintering setting

And narrow tolerances among central holes

Double Hammer

Company: MimEcrisa

Sector: Defence Industrie

Material: Fe8Ni (density > 7.60 g/cc

Case harden

Weight: 46 grms

Main difficulty: Tolerances

Main Saving: Machining costs
